RE: Village Maps

Honorable Mayor,

At the current time this office is in the process of updating the maps of the incorporated villages in Auglaize County. In order to preform the updating of the Buckland Village map we would appreciate copies of any ordinances pertaining to the acceptance, vacating, narrowing or the name change of any street or alley in the village.

Your assistance in this matter will allow us to update the village map and will be greatly appreciated

Respectfully yours,

Doug Crawford

Doing Here are the alleys & streets that have been closed since I have been in office (1950) I have them marked on map.

Mayor Emerson Smith
