Dear Ms. Vanderhorst:

We reviewed your request dated December 30, 1998, for a Letter of Map Amendment (LOMA). All required information for this request was received on February 4, 1998. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we determined that a portion of the property described below is located in a Special Flood Hazard Area (SFHA), the area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood); however, the structure on the property is not in the SFHA.

Property Description:

Part of Lot 404, and all of Lots 405 and 406, Villa Nova on the Lake Subdivision, recorded in General Warranty Deed, Volume 277, Pages 0790 and 0791, on September 30, 1996, filed in the Auglaize County Recorder's Office

Street Address:

122 Cedarhurst Drive

Flooding Source:

Grand Lake St. Marys

This letter amends the above-referenced NFIP map to remove the structure from the SFHA. The structure is now located in Zone X (unshaded). Flood insurance coverage for the structure may be available under a low-cost policy (see enclosed document). Because portions of the property remain in the SFHA, any future construction or substantial improvement on the property remains subject to Federal, State, and local regulations for floodplain management.

An additional enclosed document provides information about LOMAs. If you have any questions about this letter, please contact Ms. Helen Cohn of our staff in Washington, D.C., either by telephone at (202) 646-3457 or by facsimile at (202) 646-4596.

Sincerely,
