We reviewed your request dated March 18, 1998, for a Letter of Map Amendment (LOMA). All required information for this request was received on April 1, 1998. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we determined the property described below is not located in a Special Flood Hazard Area (SFHA), the area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood).

Property Description:	A 0.327 acre parcel South of Kelley's Oakwood Subdivision, as described and recorded in Joint and Survivorship Deed, Volume 314, Page 0522, filed on February 6, 1998, in the Auglaize County Recorder's Office
Street Address:	827 Kelley Drive
Flooding Source:	Auglaize River

The property is correctly shown outside the SFHA on the above-referenced NFIP map. The property is located in Zone X (unshaded). Flood insurance coverage for the structure may be available under a low-cost policy (see enclosed document).

If the policy has been written using an incorrect zone, it can be endorsed to correct the zone for the current policy year and one prior policy term. You should contact your insurance agent or company to request endorsement of the policy.

Additional information about LOMAs is enclosed. If you have any questions about this letter, please contact Ms. Helen Cohn of our staff in Washington, D.C., either by telephone at (202) 646-3457 or by facsimile at (202) 646-4596.

Sincerely,

Matthew B. Miller, P.E., Chief
