Wapakoneta, Ohio 45895**

April 3, 2002

Dear Tom;

I have looked at the flood plain map pertaining to the parcel of ground at 14513 Cemetery Road (attached). This map shows that the most western portion of that lot is in the 500-year flood plain. Please note that the FEMA map shows the 100-year flood plain only being west of I75.

Since the FEMA Flood Plain Insurance program addresses the 100-year flood, this parcel is not subject to flood plain regulations. I would however, recommend to the property owners that they not build in the most remote western portion of that lot. Throughout Ohio, 500-year intensity storms have been documented over the past decade.

**Douglas Reinhart, P.E., P.S.
Auglaize County Flood Plain Coordinator**
