Attn: Gordon Geeslin

Dear Mr. Geeslin:

Upon studying the existing documents and the flood map of the area around the center of the southwest quarter of Section 26, Salem Township, the 100 year flood elevation for this area is Elevation 825.

The nearest known benchmark is a metal tablet in the northwest wingwall of the bridge on Briggs Road about 350' north of State Route 197. The tablet is at Elevation 820.598.

Respectfully,

A handwritten signature in cursive script that reads "Doug Reinhart".
