Re: Flood Plain Inspection / Mr. & Mrs. Joseph Jones, House No. 05849,
Washington Pike, S. Part of the S.E. 1/4, of the S.E. 1/4 of Section 1,
St. Marys Twp., Auglaize County, Ohio.

Dear Mr. Miller,

Regarding the question of whether or not the above mentioned house is located in a designated flood plain as set forth by the Federal Emergency Management Agency's National Flood Insurance Program.

Upon an on site inspection of the above described property in relation to the Flood Insurance Rate Map (FIRM) No. 39011C0085 C, a portion of which is attached, the following determination was made.

Although the rear portion of this property would be inundated by a 100 year flood, the existing house is not located within the flood plain and therefore would not be effected.

If you have any questions please contact Larry McLean at the Auglaize County Engineer's Office at the above address.

Sincerely,
