THOMAS W. STEINKE & ASSOC., INC. LAND SURVEYING LAND DEVELOPMENT 123 W. AUGLAIZE ST. - WAPAKONETA, OHIO 45895 PHONE: 419-738-7421

A descripency appears upon the common line between Out lots 47 thru 51 and the noth line of Meadowbrook Subdivision # 1. Original outlot distances measure the south line of the fore-mentioned outlots as being 203.0 feet south of the north-west corner of Section 14 and running parallel to the north line of Section 14.

No substancial monumentation was found in the Meadowbrook Subdivision # 1 to justify the section tie of said subdivision nor the non-parallel alignment to the north line of Section 14.

The following descripencies appear:

West line of 0.L. # 47 = 0.70 feet

East line Of O.L. # 47 = 1.13 feet

West line of 0.L. # 49 = 1.63 feet

East line of 0.L. # 49 = 2.13 feet

The south line of 0.L.# 47 and 0.L. # 49 were set using the north and west lines of Section 14 as established by prior R.T. Mote Survey, with a lot depth of 203.0 feet and parallel to the north section line.

The descripencies tabulated hereon are an encroachment upon the outlots 47 thru 51 and shall remain as such by this survey unless the surveyor responsible for the platting of Meadowbrook Subdivision # 1 can show otherwise.
