The West line of the Northwest fractional Quarter of Section 1, Pusheta Township, was re-set by proportional measurements using the original field notes of Auglaize County and the Survey of Section 1, by Samuel Craig dated March 25, 1896. See Survey Book 3, page 70. In said Survey there is an error in the South measurement of the Northwest fractional Quarter. It should read 20.10 chains instead of 21.10 chains. This transcribed figure error was found by examining Samuel Craigs original field notes for the Survey of Section 1, T-6-S, R-6-E, dated Nov. 9, 1873.

The following described tract of land is part of the Northwest Fractional Quarter of Section 1, Pusheta Township, Town 6 South, Range 6 East, Auglaize County, Ohio and is more particularly described as follows:

Commencing at a monument box at the Southwest corner of the Northwest Quarter of Section 1, Pusheta Township;
thence with an assumed bearing of N. 00° 30' E. along the West line of Section 1, Pusheta Township and the centerline of Township Road 181 (Brown Road) a distance of 773.59 feet to a spike which is the PLACE OF BEGINNING;
thence continuing N. 00° 30' E. along said Section line and the centerline of T.R. 181, a distance of 555.00 feet to a spike;
thence N. 86° 58' E. a distance of 338.00 feet to an iron pin;
thence S. 00° 30' W. on a line parallel to the West line of Section 1, Pusheta Township and the centerline of T.R. 181, a distance of 555.00 feet to an iron pin;
thence S. 86° 58' W. a distance of 338.00 feet to a spike, passing thru an iron pin at 318.00 feet in the East right-of-way line of Township Road 181, said spike was the true PLACE OF BEGINNING.

Containing in all 4.30 acres of which 0.25 acre has been dedicated for highway purposes. The above described tract of land is subject to all legal easements and restrictions, if any of record or in use on said premises. Previous deed reference: Volume 219, page 172 JACK. This survey plat is recorded in Survey Book G, page 470, in the Auglaize County Engineers Office.
