

Section Ten, 10, Town Six, 6, Range four (4) E.

The above map represents Section Number Ten, 10, Town Six, 6, Range four (4) east as surveyed by me in July A.D. 1859 for the Land appraiser of said Township, the object of which was to number and plat fractions of Land not already numbered, which is here done in accordance with the law of 1859 providing for such. The out lots are here shown as on the record as near as could be ascertained. Distances given in chains. The two fractions shown on the right of the map are in Section No Eleven (11). I hereby certify the above Plat to be a true representation of the numbered fractions, which are colored.

John Butler Surveyor.
