

St. Marys - East Addition.

This addition is laid out on the South half of the North East quarter of Section three T. 6. S. Range 4 E. and comprises 29 Blocks divided into lots as follows: Block No. 1, 5, 7 + 14 each contain 12 lots: those fronting on Spring street are each 44 by 132 all others in said Block are 41 feet in front by 132 deep except lot No 7 in Block No. 14 which is 94 links on the alley. Blocks 2, 3, 4 + 6 are 42 feet in front and 132 feet deep, except fractional lots, which have their dimensions designated on the lines of the map. No. 8, 13, 16, 23 + 24 are all 44 feet in front by 132 deep, except the fractional lots in said Block. All other Blocks viz: 9, 10, 11, 12, 17, 18, 19, 20, 21, 22, 25 + 26 are 42 feet in front by 132 deep, except fractional lots designated as aforesaid.

Land between the
River and Town.

the plat to be his act and deed. April 30th 1839
before me, Robert Linzer
an appointed Judge of Mercer Co. O.

All the streets are four rods wide: those running from the river are laid precisely opposite those on the town plat (Original) except Spring Street which of sets 34 links to the St. and bears N 25 W. All streets running parallel with the river bear South 29° east: the alleys are one rod wide.

A stone is planted at the S.E. cor. of Lot No. 1 which is surveyed from the river. Variation of E line 4° Variation of N + S line 3° 42'. The survey was performed at great disadvantage through the brush woods. I do certify the survey to be done correctly to the best of my knowledge and belief.

John E. Houston
County Surveyor.
