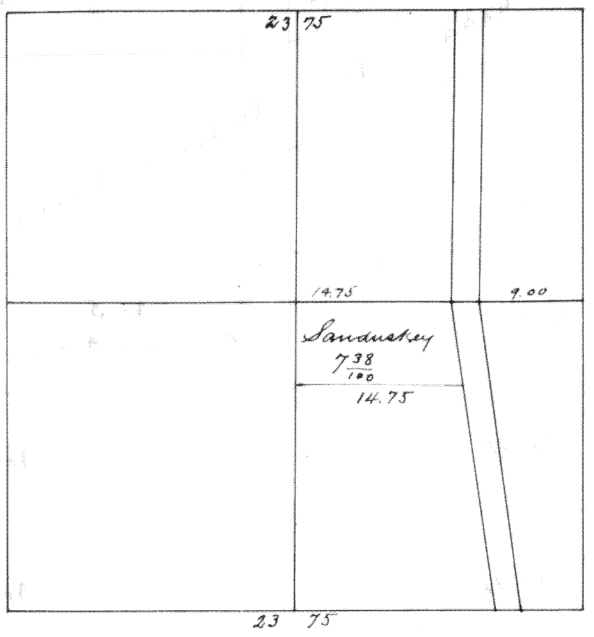
Sandusky Survey.

Plat of N. W. fr. quarter.



Dee Book of Deeds.
Vol. 1 page 603.

Transcribed by order of the Commissioners.
C. J. Galezio
Recorder.

St. Marys - Scotts Addition

Scotts Addition to the town of St. Marys is laid out on the S fr ½ of the NE¼, Section 3, town 6 south, range 4 east, bordering on the north line of Helfenstines East Addition to St. Marys. By reference to the plat it will be seen that this Addition is comprised of Blocks No 45, 46, 47, 48, 49, and 50 and Blocks that are subdivided are as indicated on the plat, the bearings allowing a variation of 3°35' East and their respective distances in links are marked on the lines bordering each lot and block. The streets run north and south E + W.: their names and width are laid down on the plat. The alley dividing Block No 46 runs north and south and is 20 links wide. The south west corner of lot 11 Bk 46 is at a point on the south line of this tract of land intersected by the east line of Chestnut Street, Helfenstines East Addition, at which place a Stone is set making it the starting point in this survey. Stones are also set at such corners as are marked on the plat.

I certify that the survey plat and description to be correct to the best of my belief

A. H. Conover
